

BROILER PRESTARTER

Analytical constituents:

23 %	Crude protein	9.2 g/kg	Calcium	6.5 g/kg	Methionine
7 %	Crude fat	1.5 g/kg	Sodium	2.8 g/kg	Tryptophan
2.6 %	Crude fibre	5.6 g/kg	Phosphorus	9.5 g/kg	Threonine
6.2 %	Crude ash	14.13 g/kg	Lysine		

Composition (per kg):

Maize; Soybean meal (produced from GM soya); Wheat; Wheat flour; Fish meal; Soybean oil (produced from GM soya); Oat; Monocalcium phosphate; Whey powder; Soy protein concentrate, Calcium carbonate; Sodium chloride; Sodium Bicarbonate; Soy flour; Lactose; Coconut oil; Rapeseed oil, Potato protein.

Additives (per kg)

Nutritional additives

Trace elements: 60 mg Fe (3b103 Iron(II)sulphate monohydrate); 21 mg Cu (E4 Cupric(II) sulphate-pentahydrate); 100 mg Mn (3b502 Manganese(II)oxide); 70 mg Zn (3b603 Zinc oxide); 0.25 mg Se (E8 Sodium selenite); 2,5 mg I (3b202 Calcium iodide).

Vitamins: 13,500 IU Vitamin A (3a672a Retinyl acetate); 2,000 IU Vitamin D3 (3a671); 1,500 IU Vitamin D (3a670a); 90 mg Vitamin E (3a700 dl-tocopherol); 60 mg Vitamin B3 (3a315 Niacinamide); 451 mg Vitamin B4 (3a890 Choline chloride).

Zootechnical additives

Digestibility enhancers: 750 FYT 6-Phytase (EC3.1.3.26) (4a18); 250 TGU Endo-1,4- β -glucanase (EC3.2.1.4) (4a7); 560 TXT Endo-1,4- β -xylanase (EC3.2.1.8) (4a7)

Coccidiostatics: 60 mg Salinomycin sodium (51776)

Technological additives

Antioxidants: 4.17 mg Propyl gallate (E310); 4.17 mg BHT (E321)

Description:

DufaFeed Broiler Prestarter is a fortified pelleted compound feed supplying extra energy, minerals, vitamins, and most importantly certain additives for enhanced gastrointestinal health.

Early nutrition plays a vital role in early life and productivity of broilers. In first week of life maximum growth (approximately 20% of total) occurs. A strong positive correlation exists between first week live weight and finishing weight at the end of production cycle.

DufaFeed Broiler Prestarter has been formulated to benefit broilers in terms of reduced mortality and enhanced growth. An anti-coccidial, as well as enzymes and non-antibiotic growth enhancers are included for improved feed conversion, digestion and the reduction of wet droppings.

Instructions for use:

Feed free choice to chicks up to approximately 5 days of age. Minimum 100 g per bird.

Storage conditions: Store dry, dark and below 25°C. Do not freeze.

Packing: 25kg sacks.
